

## Extended Daycare Options for Enrolled Students

At Joyous Montessori, we offer extended daycare for an additional cost to existing school enrollees, providing a safe, nurturing, and enriching environment beyond regular hours. This service supports working parents while maintaining consistency in their child's routine. Whether enrolled in our Montessori Preschool / Primary Program, Toddler Program, Kindergarten Program, or Elementary Program, children benefit from engaging, supervised activities that foster creativity, independence, and social growth. Our caring staff ensures each child thrives in the joyful, structured setting that defines Joyous Montessori.
